

COMMITTEE OF LOWER HOUSE FAVORS SUFFRAGE

Tennessee Legislators Will Recommend Adoption

MINORITY REPORT AGAINST WILL BE MADE

NASHVILLE, Tenn., Aug. 16.—The committee of the lower house of the Tennessee legislature in charge of the woman suffrage resolution today voted 10 to 8 to report the measure tomorrow with a recommendation that it be adopted. A vote during the day was said by leaders to be certain. The senate ratified the amendment Friday.

Speaker Walker of the house, leader of the anti-suffrage forces and a member of the committee, said the first ballot stood nine to nine as he refrained from voting. To relieve the tie one of the anti-suffrage changed his vote. This was regarded in opposition circles as an indication of how little importance was to be attached to the committee action.

To Present Minority Report.
Mr. Walker said a minority report unfavorable to ratification would be prepared early tomorrow.

Governor Roberts late tonight made public a telegram from Governor Cox saying:

"I earnestly hope that you will everything in your power to aid in the immediate ratification of the suffrage amendment. It is the platform promise of our party and one which every Democratic legislator should be proud to support."

SUFFRAGE OPPONENTS
TAKE THE OFFENSIVE

Raleigh, N. C., Aug. 16.—Suffrage opponents took the offensive in the contest over ratification in the North Carolina legislature with the introduction tonight of a resolution to reject the federal woman's suffrage amendment. It was presented in the lower house by Representative Grier, Democrat.

The rejection of the resolution was offered with comment and went to committee.

In the senate in anticipation of a bitter fight tomorrow a resolution to divide both the floor and the galleries, the suffrage and the opponents the other, was offered by Senator Warren, leader of the anti-suffragists without explanation.

Many Telegrams Received.
Numerous telegrams both for and against ratification were received by Speaker Brummitt of the house.

Both sides predicted victory. Suffrage supporters were confident of success in the senate and counted on the vote there to develop strength in the house.

Representative W. W. Neal returned tonight but denied he had been to Nashville with a message to the suffrage opponents in the Tennessee legislature.

Reports that Governor Cox, Democratic presidential nominee, had sent a personal representative here to aid secretly in defeating suffrage were denied by suffrage headquarters. The statement included a telegram from the nominee in which he declared there was "not a word of truth in the reports."

LORD MAYOR OF CORK FOUND GUILTY

CORK, Ireland, Aug. 16.—Terrence McSweeney, lord mayor of Cork, was today found guilty by court martial of having under his control the secret police cipher. He also was found guilty of having a document in his possession likely to cause disaffection, namely, a copy of the resolution of the Cork corporation pledging allegiance to the Dail Eireann, or Irish Republican parliament, and of having made a seditious speech at his election. The trial was conducted under the defence of the realm act. Sentence will be pronounced later.

Mayor MacSweeney was weak when called before the court as a result of his refusal to take food at the prison. He said:

"I am the lord mayor of this city and its chief magistrate. I declare this court illegal and those taking part in it liable to arrest under the laws of the Irish republic."

AUTO GOES INTO DITCH KILLING ONE

Webster City, Iowa, Aug. 16.—Oliver Ferrell, of this city, was killed and McKinley C. Thompson star pitcher of the Webster City team, was probably fatally injured today in an automobile accident.

Ferrell, who was trying to pass another car went into the ditch. Thompson sustained a fracture at the base of his skull.

WORKING AGREEMENT HAS BEEN REACHED BY SHIP COMPANIES

American Company Joins
With Hamburg-American Line

PASSENGER SERVICE WITHIN THE YEAR

WASHINGTON, Aug. 16.—Operation of American ships on former German trade routes to all parts of the world has the sanction and support of the shipping board, Chairman Benson announced tonight in making public cooperative working agreements reached between the American Ship and Commerce corporation of New York and the Hamburg-American line of Germany.

"There is no German money in any place nor is there any agreement, expressed or implied for German investment in any of the American companies," he added. The agreement is for twenty years and consists the chairman said of a general agreement covering the principles to be followed by the two concerns and an operating agreement covering the methods of carrying out the plan. In general it provides that each party may participate with an equal amount of tonnage in such passenger and freight services as shall be established.

Pier facilities, ports and office organizations of both companies are placed at the disposal of the service.

In the event of war between the United States and Germany, provision is made for the termination of the agreement and also to cover the contingency of war between either the United States and other powers than Germany, or Germany and other powers than the United States. Settlement of disputes by arbitration is provided for, as is revision of the contract in the event the laws of either country should require.

Passenger service between the United States and Germany is to be established within one year.

In the design and construction of passenger ships the Hamburg-American line will give the American corporation all the technical knowledge and experience at its disposal.

RAILWAY WORKERS SENTECED TO JAIL FOR GOING ON STRIKE

Sentenced for Ninety Days
For Contempt of
Court

COURT SAYS LAW MUST BE ENFORCED

DENVER, Colo., Aug. 16.—Several members of the executive committee of local division 746, Amalgamated Association of Street and Electric Railway Workers, which went on strike August 1, were sentenced to 90 days in the county jail for contempt today by Judge Greeley W. Wilcox, district court. They began their sentences at once.

They must also pay the costs of court action.

The court denied a new trial. He also denied a motion for stay of execution of sentence. They were given twenty days in which to file exceptions to the court's ruling. The men were found guilty ten days ago of calling the strike a violation of an injunction.

One of Seven Union President.
Henry Silberg, president of the local union, was among the seven. Eight hundred signed applications from members of the union signifying their intention to return to work, were filed by counsel for the defendants during the hearing. The action of the defendants in officially calling off the strike August 7 was reviewed.

"There are mitigating circumstances which the court cannot and will not overlook, said Judge Whitford in pronouncing sentence.

"But if," he said, "orders of the court cannot be enforced, then rights of person and property must always be in jeopardy."

PASQUALE PURCHASED \$7,000 WORTH OF BONDS

Philadelphia, Aug. 16.—Momonanda showing that Augusto Pasquale "the crank," held in connection with the kidnapping of Blacky Coughlin, purchased \$7,000 worth of bonds shortly after George H. RAILROADS IN ILLINOIS FIGHT TWO CENT FARE

Take Steps to Prevent Enforcement of State Law

ALLEGED COMMISSION HAS NO AUTHORITY

CHICAGO, Aug. 16.—Seven railroads today filed suit in the United States district court to prevent enforcement of the Illinois state law which provides a fare of two cents a mile.

This law which was not enforced during federal control of railroads, is scheduled to become effective August 31, when the government guarantee to the roads ends, the state public utilities commission have recently refused to grant the roads' petition for an increase in fares to 3.6 cents per mile. The commission at that time stated that it did not have authority to grant an increase greater than the state law allowed. Increases in freight rates were granted, however, their being no state law affecting them.

Says Commission Has no Power.
The petition declares that the public utilities commission has no power to lower the rates granted by the interstate commerce commission and the roads announced the case would be fought to the United States supreme court if necessary. Representatives of the state tonight said that if the roads lose, the people of Illinois will be entitled to refunds totalling millions of dollars on fares paid since July, 1917, in excess of the two cents a mile allowed by the state law.

Three federal judges will hear the case.

They are Judges Landis, Carpenter and Page.

It was said tonight by railroad attorneys that other roads might take action before the case is heard.

The roads filing today's suits were:

Illinois Central, Chicago and Eastern Illinois; Chicago, Burlington and Quincy; Chicago and Northwestern; Chicago, Milwaukee and St. Paul; Chicago, Rock Island and Pacific; Atchafalpa, Topeka and Santa Fe.

A message was sent to William Howard Taft, the league's president, asking him to call a meeting on or about September 15.

BUREAU OF CROP ESTIMATES SAYS CORN NEEDS RAIN

Portion of Crop Cannot Possibly Mature, Report Says

PROSPECT OF POTATO CROP VERY POOR

SPRINGFIELD, Ill., Aug. 16.—Corn in Illinois needs more rain. Although benefited considerably in localities where good rains fell last week, it is still suffering from drought according to the weekly crop report of S. D. Fessenden, of the bureau of crop estimates.

"A portion of the crop, of amount hard to determine at present," the report says, "cannot possibly mature, even with plenty of moisture and a most favorable fall. It was planted very late and has made very little growth due to lack of moisture. Chinch bugs are still at work. A new brood is now due and much chaffy grain is likely to result."

"High wages," continues the report, "and a large increase in the use of farm machinery and ideal weather conditions for harvesting have enabled the farmers to get by with the farm labor situation so far, but the supply is none too large."

Transportation Serious Problem.
"There is a shortage of grain cars, the elevators and warehouses are full in many localities and the transportation of grain is a serious problem in the state."

Harvesting of winter wheat and rye is completed and harvesting of spring wheat, oats and barley is under way. Farmers are leaving much winter wheat in the shock and more stacking has been done than usual, because of lack of sufficient storage and car shortage, the report said. Some meadows have benefited from local showers. Pastures show revival while rain has fallen lately but on the whole are burned and dry and are furnishing but little feed.

Prospects for the late crop of white potatoes is very poor due to disease, bugs and drought. Sweet potatoes have suffered from the drought.

A third brood of the codling moth is about due in the south and is completed and may do much damage if late apples are not properly sprayed. The harvest of peaches and pears is starting and good yields are expected. Home grown watermelons of excellent quality are just reaching the markets.

ARMED GUARDS ARE WATCHING FOR BANDITS

CEDAR RAPIDS, Iowa, August 16.—Armed guards are stationed in every town between Thornton and the Minnesota border watching for the six bandits who blew up the First National Bank at Thornton early today and escaped with \$5,000 in cash and nearly \$30,000 in liberty bonds. It is believed the men are headed toward Minneapolis. They are traveling in a large automobile and are heavily armed. Sheriff's possees with orders to shoot on sight are searching for the men. The interior of the bank was literally demolished by the heavy charges of nitro used to open the safe.

CANADIAN ARRESTED NEAR AMERICAN BORDER

Montreal, Aug. 16.—Arthur Erecment, former member of the Canadian parliament, was arrested today after deportation from the United States pleaded not guilty when arraigned today on three charges of obtaining money under false pretenses.

The complainant alleged that on each of two occasions Erecment obtained \$2,000 from him in a fake wire tapping scheme.

PROHIBITION OFFICERS GET 750 CASES OF LIQUOR

Chicago, Aug. 16.—Prohibition agents today seized 750 cases of liquor valued at \$40,000, and arrested Thomas McCarty, alleged owner, on charges of conspiracy and of forging a government permit. The whiskey was brought here from Kentucky, agents said.

JAMESTOWN, N. D., Aug. 16.—Franklin D. Roosevelt in an address here tonight declared that if Governor Cox was elected president in November the peace treaty would be ratified within sixty days.

GENERAL GORGAS IS BURIED WITH MILITARY HONORS

Famous Army Man Laid to Rest in Arlington Cemetery

SERVICE WAS MOST IMPRESSIVE

WASHINGTON, Aug. 16.—The body of Major General William G. Gorgas, conqueror of yellow fever in Cuba and Panama, and former surgeon general of the army was buried today at Arlington National Cemetery with impressive military honors.

Acceding the army ritual at the grave, three services were held at the Church of Epiphany, attended by member of cabinet members of the diplomatic corps and officers high in the army and navy.

Rear-Admiral Cary T. Grayson represented President Wilson.

Most Impressive Since Dewey's Funeral.

To the mournful roll of muffled drums and the rhythmic cadence of troops marching at the half step, and another fourteen gun salute from Fort Myer mingled with the sorrowful bugle notes of "taps."

The dead man's hearse, draped in black followed close behind the body.

As the procession entered the cemetery the guns at Fort Myer near by boomed out a major general's salute of 14 guns. After the customary three volleys of musketry and another fourteen gun salute from Fort Myer mingled with the sorrowful bugle notes of "taps."

RAY CHAPMAN HIT BY PITCHED BALL

NEW YORK, Aug. 16.—Ray Chapman, shortstop of the Cleveland American League Baseball club was hit on the head and his skull fractured by a pitched ball in the game with New York today. The accident occurred in the fifth inning when Chapman, while at bat, attempted to dodge a fast underhand curve, thrown by Pitcher Carl Mays of the Yankees. He was given first aid on the field and then removed to a hospital, where physicians later said his condition was serious. Concussion of the brain and hemorrhages developed and physicians said an operation might be necessary.

Physicians announced later that Chapman underwent the operation successfully and that they believed he would recover. They said it would be several hours before it would be possible to determine positively the outcome.

POLISH CITIZENS TO SEEK AID OF U. S.

WASHINGTON, Aug. 16.—Polish citizens in nearly all parts of the United States who on Sunday gathered in mass meetings to ask the United States for Poland, arranged today for official presentation of their case to the government. In behalf of President Wilson Secretary Tumulty will receive the delegation Wednesday noon and Secretary of State Coby will receive them later.

Nearly two hundred delegates will attend, the Polish agents said, as representatives of Polish gatherings held in Chicago, New York, St. Louis, Detroit and other cities.

COMMON SENSE AND FAIR PLAY SAVES MAN

St. Catherine, Ont., Aug. 16.—Common sense and spirit of fair play tonight saved the life of David McNeal who had been committed to trial today at Thorold on a charge of having murdered four year old Margaret Boncock on July 3rd.

The mob which clamored for possession of the prisoner set fire to the town jail after the prisoner and police had been smoked out of the town hall which the mob had set on fire also. Every window in the town hall had been shattered with stones and then the mob attacked the doors. McNeal and the officers crouched in corners holding chairs in front of them.

OPERATORS AND MINERS UNABLE TO GET TOGETHER

Adjourn After Three Hour Session With- out Agreement

LITTLE TO INDICATE EARLY SETTLEMENT

CLEVELAND, O., Aug. 16.—Members of the joint scale committee of the Central Competitive bituminous coal field were deadlocked tonight after the operators had refused the miners' demands for increased wages and the miners in turn had rejected a counter proposal of the operators and a joint sub-committee appointed to consider the situation adjourned after a three hour session without reaching any agreement.

The miners on Saturday presented a demand for a \$2 a day increase for day and month laborers and a ten cent a ton increase of pick and machine mining.

In their reply today the operators offered to correct the seeming inequality of the award of bituminous coal commission last March, under which the pick mining rate was advanced 27 per cent over the then existing contract and the day and month laborers to the equivalent of the pick miners advance.

Operators Refuse Tonnage Increase.

The operators, however, refused to consider any other demands made by the miners including the ten cents per ton asked for pick and machine mining.

On receipt of the operators' proposal the miners promptly rejected it and a sub-committee of the joint scale committee was appointed to try and reach a settlement.

After adjournment tonight members of the sub-committee said there was little to indicate any immediate settlement. It became known today that the federal government is watching the meeting and another fourteen gun salute from Fort Myer mingled with the sorrowful bugle notes of "taps."

SINN FEIN CAMPAIGN NOT CAUSE OF RIOT

DUBLIN, Aug. 16.—The success with which Republican volunteers maintained order in Dublin Sunday night and the way they endeavored to protect the soldiers and disperse crowds Saturday night is taken as evidence that Saturday's disturbances were not part of the Sinn Fein campaign but were caused by a mob aroused over the killing of a boy in the recent riots.

This bitterness is the general belief, will be increased by the events of the week-end, the worst of which in the eyes of Irishmen, was the killing of Patrick Lynch Saturday night. According to his sisters, Lynch was taken from his house by soldiers and later was found dead.

There were disturbances at Limerick, following the shooting of a policeman which the police charge was done by a civilian. Others, however, declare the shooting was accidental.

News alleging that hunger striking Sinn Fein prisoners are being allowed to die is also arousing the people.

COULTERVILLE IS QUIET AFTER RIOTS

SPRINGFIELD, Ill., Aug. 16.—Disturbances at Coulterville where reports of rioting between whites and negroes reached here this afternoon, had subsided before tonight and authorities had the situation in hand. City Marshal Gillespie told Adjutant General Frank S. Dickson over the telephone this morning.

Nobody had been killed, the marshal said, and the trouble had been confined to the burning of one building. Four extra policemen had been added to the city force. Sheriff McGuire of Randolph county who made a hurried trip from Chester to Coulterville made a similar report to General Dickson.

Trouble, the sheriff said, started at the coal mines.

IMMIGRATION OFFICIALS DUE OR SHAKEUP

Washington, Aug. 16.—Investigation of the arrest without warrants ten days ago of 39 Hindus at South Bethlehem, Pa., by immigration officials has led labor department officials to extend their inquiry to the Ellis Island station at New York.

Commissioner Walter of Ellis Island has been summoned here for a conference tomorrow with department officials and there was some indication tonight that a shakeup might be in prospect.

MOTHER AND TWO CHILDREN DROWNED

Seattle, Washington, Aug. 16.—Mrs. Marie Gilson, 31, and two of her children, aged 9 and 7, were drowned in Lake Washington today. The mother attempted to save them as they were being swept beyond their depth by waves. A third son, 11, was rescued by his father, after the boy was almost overcome while trying to save his brothers.

BRITISH HOUSE OF COMMONS ADJOURNS UNTIL OCTOBER 19

Speaker May Call Meeting
Earlier if Thought
Necessary

LLOYD GEORGE SPEAKS OF IRELAND

LONDON, Aug. 16.—The house of commons tonight without division agreed to the motion of Andrew Bonar Law, the government leader, adjourning the house until October 19, but empowered the speaker to summon parliament earlier should the public interest demand it. This and Mr. Bonar Law's undertaking that in event of Russia's armistice terms to Poland were being materially altered, the government would take no action without consulting parliament, meets the opposition's objections that the country should not be committed to any intervention against Russia without the consent of parliament.

Mr. Bonar Law confirmed that the armistice terms to Poland as announced by Russia had the approval of both Great Britain and Italy and said that if they were sincerely adhered to Great Britain would not interfere between Russia and Poland.

Also today's sitting had been especially called on account of the Polish crisis it had from this viewpoint little interest owing to the lack of news from Minsk, where Polish and Bolshevik emissaries are now conferring.

No Dominion Home Rule.

Paragraphs in the newspapers recently, considered by some to have been inspired had led the public to expect some new declarations of policy toward Ireland by the premier or Mr. Bonar Law in lines of dominion home rule, but this expectation met with disappointment.

Mr. Lloyd George confined himself to repeating his previous offer that the government would discuss a settlement with any representatives of Irish not excluding the Sinn Feiners, provided they accepted three stipulations, which he carefully defined—that Northern Ulster's six counties must be treated separately; that there must be no secession, directly or indirectly of any part of Ireland from the United Kingdom and the government could not agree to anything that would involve any detection from the security of the British Isles or of their safety in case of war.

This guarded statement, although announcing no new policy, will probably be interpreted as an invitation to continue outside discussions of dominion settlement which have made such unexpected progress recently and enlisted support in hitherto antagonistic quarters.

COX WILL COMPARE RECORD WITH THAT OF SENATOR HARDING

Plans Address Before Democratic State Convention

RECEIVES WORD OF FIGHT IN TENNESSEE

COLUMBUS, O., Aug. 16.—Governor Cox indicated today that his address before the Ohio Democratic convention tomorrow would parallel his six years' official record in the state with that of Senator Harding.

The issue of conditions is another issue the governor will champion tomorrow, with the support of Secretary of War Baker who is to appear with him.

The governor's address is to open the state campaign formally and then organization matters are to be taken up.

Gov. Cox today received no word officially regarding the automobile speeding charges made yesterday at Jacksonton, Ohio. Action against the governor was deemed improbable although reports were current that chauffeurs of his party were to be prosecuted.

Reports received by Governor Cox today regarding the Tennessee woman suffrage fight stated that a "very, very hard contest" was in prospect, the governor said.

Louisville and Nashville railroad interests, he said, had been advised, were intervening in opposition to ratification.

ROBBED OF DIAMOND WHILE HE SLEPT ON TRAIN

Baltimore, Md., Aug. 16.—Charles O. Cramos, a New York jewelry broker, was robbed of \$16,000 worth of unset diamonds while he slept on a Pennsylvania train en route to Baltimore from New York early today. He reported the jewels had been taken from his clothes, which were missing. Another case containing \$20,000 worth of gems was under his pillow.

FARMER-LABOR PARTY CONFERENCE ADJOURNS

St. Louis, Mo., Aug. 16.—The conference of the state committee of the Farmer-Labor party called here today to perfect organization and devise measures for getting on the official ballot in November, adjourned until Saturday without acting, committeemen stating it was desired to have a larger representation at the meeting, which will be held at Sedalia.

POLES GAINING IN GREAT BATTLE NOW IN PROGRESS

Red Cavalry Demon- strates Without Opposition

POLISH TROOPS STRONGLY FORTIFIED

WARSAW, Aug. 16.—Uninterrupted fighting is going on in the valley of the Bug from its source to its confluence with the Narew. The great battle which has just begun has been marked by appreciable advantages for the Poles. They have inflicted heavy losses on the enemy and won back important positions.

In Galicia the Poles with pressure from the Bolsheviks have withdrawn to the line of the Bug. The forces defending Warsaw are now grouped as follows:

The left wing, resting on the forts of Modlin (Novo Gorkavik) holds the line of the Lower Narew and Bug; the center protected behind by the outer forts of Warsaw, occupies positions varying from eighteen to thirty miles from the capital; the right wing commands the valley of the Upper Bug. Both on the right and left wing it is the Poles who have taken the initiative.

Bolsheviks Thrown Back.
The Bolshevik forces which had crossed the Bug have been thrown back.

COMMITTEE OF LOWER HOUSE FAVORS SUFFRAGE

Tennessee Legislators Will Recommend Adoption

MINORITY REPORT AGAINST WILL BE MADE

NASHVILLE, Tenn., Aug. 16.—The committee of the lower house of the Tennessee legislature in charge of the woman suffrage ratification resolution today voted 16 to 8 to report the measure tomorrow with a recommendation that it be adopted. A vote during the day was sent by leaders to the certain. The senate ratified the amendment Friday.

Speaker Walker of the house, leader of the antisuffrage forces and a member of the committee said the first ballot stood nine to nine as he refrained from voting. To relieve the tie one of the antis changed his vote. This was regarded in opposition circles as an indication of how little importance was to be attached to the committee action.

To Persuade Minority Report.
Mr. Walker said a minority report unfavorable to ratification would be prepared early tomorrow.

Governor Roberts late tonight made public a telegram from Governor Cox saying:

"I earnestly hope that you will everything in your power to aid in the immediate ratification of the suffrage amendment. It is the platform pledge of our party and one which every Democratic legislator should be proud to support."

SUFFRAGE OPPONENTS TAKE THE OFFENSIVE

Raleigh, N. C., Aug. 16.—Suffrage opponents took the offensive in the contest over ratification in the North Carolina legislature with the introduction tonight of a resolution to reject the federal woman's suffrage amendment. It was presented in the lower house by Representative Grier, Democrat.

The rejection of the resolution was offered with comment and went to committee.

In the senate in anticipation of a bitter fight tomorrow a resolution to divide both the floor and the galleries, the suffrage and the opponents the other, was offered by Senator Warren, leader of the anti-suffragists without explanation.

Many Telegrams Received.
Numerous telegrams both for and against ratification were received by Speaker Brummitt of the house.

Both sides predicted victory. Suffrage supporters were confident of success in the senate and counted on the vote there to develop strength in the house.

Representative W. W. Neal returned tonight but denied he had been to Nashville with a message to the suffrage opponents in the Tennessee legislature.

Reports that Governor Cox, Democratic presidential nominee, had sent a personal representative here to aid secretly in defeating suffrage were denied by suffrage headquarters. The statement included a telegram from the nominee in which he declared there was "not a word of truth in the reports."

LORD MAYOR OF CORK FOUND GUILTY

CORK, Ireland, Aug. 16.—Terrence McSweeney, lord mayor of Cork, was today found guilty by court martial of having under his control the secret police cipher. He also was found guilty of having a document in his possession likely to cause disaffection, namely a copy of the resolution of the Cork corporation pledging allegiance to the Dail Eireann, or Irish Republican parliament, and of having made a seditious speech at his election. The trial was conducted under the defence of the realm act. Sentence will be promulgated late.

Mayor MacSweeney was weak when called before the court as a result of his refusal to take food at the prison. He said:

"I am the lord mayor of this city and its chief magistrate. I declare this court illegal and those taking part in it liable to arrest under the laws of the Irish republic."

AUTO GOES INTO DITCH KILLING ONE

Webster City, Iowa, Aug. 16.—Oliver Ferrell, of this city, was killed and McKinley C. Thompson star pitcher of the Webster City ball team, was probably fatally injured today in an automobile accident.

Ferrell, who was trying to pass another car went into the ditch. Thompson sustained a fracture at the base of his skull.

ALLIES WILL CONTINUE THEIR CORDIAL RELATIONS

Paris, Aug. 16.—Differences between the allies relatives to policies they will follow will have no influence upon their cordial relations, said Premier Millerand at LeQuesnoy, a town in the devastated region which the premier visited Sunday.

WORKING AGREEMENT HAS BEEN REACHED BY SHIP COMPANIES

American Company Joins
With Hamburg-American Line

PASSENGER SERVICE WITHIN THE YEAR

WASHINGTON, Aug. 16.—Operation of American ships on former German trade routes to all parts of the world has the sanction and support of the shipping board, Chairman Benson announced tonight in making public cooperative working agreements reached between the American Ship and Commerce corporation of New York and the Hamburg-American line of Germany.

"There is no German money in the American end of the business in any place nor is there any agreed expressed or implied for German investment in any of the American companies," he added. The agreement is for twenty years and consists the chairman said of a general agreement covering the principles to be followed by the two concerns and an operating agreement covering the methods of carrying out the plan. In general it provides that each party may participate with an equal amount of tonnage in such passenger and freight services as shall be established.

Pier facilities, ports and office organizations of both companies are placed at the disposal of the service.

In the event of war between the United States and Germany, provision is made for the termination of the agreement and also to cover the contingency of war between either the United States and other powers than Germany, or Germany and other powers than the United States. Settlement of disputes by arbitration is provided for, as is revision of the contract in the event the laws of either country should require.

Passenger service between the United States and Germany is to be established within one year. In the design and construction of passenger ships the Hamburg-American line will give the American corporation all the technical knowledge and experience at its disposal.

RAILWAY WORKERS SENTEUCED TO JAIL FOR GOING ON STRIKE

Sentenced for Ninety Days
For Contempt of
Court

COURT SAYS LAW MUST BE ENFORCED

DENVER, Colo., Aug. 16.—Several members of the executive committee of local division 746, Amalgamated Association of Street and Electric Railway Workers, which went on strike August 1, were sentenced to 90 days in the county jail for contempt today by Judge Greeley W. Whitford in district court. They began their sentences at once.

They must also pay the costs of court action. The court denied a new trial. He also denied a motion for stay of execution of sentence. They were given twenty days in which to file exceptions to the court's ruling. The men were found guilty ten days ago of calling the street car strike in violation of an injunction.

One of seven Union President, Henry Silber, president of the local union, was among the seven. Eight hundred signed applications from members of the union signifying their intention to return to work, were filed by counsel for the defendants during the hearing. The action of the defendants in officially calling off the strike August 7 was reviewed.

"There are mitigating circumstances which the court cannot and will not overlook," said Judge Whitford in pronouncing sentence.

"But if," he said, "orders of the court cannot be enforced, then rights of person and property must always be in jeopardy."

PASQUALE PURCHASED \$7,000 WORTH OF BONDS

Philadelphia, Aug. 16.—Monsieur Pasquale, known as "the crank," held in connection with the kidnapping of Blakely Coughlin, purchased \$7,000 worth of bonds shortly after George H. RAILROADS IN ILLINOIS FIGHT TWO CENT FARE

Take Steps to Prevent Enforcement of State Law

ALLEGED COMMISSION HAS NO AUTHORITY

CHICAGO, Aug. 16.—Seven railroads today filed suit in the United States district court to prevent enforcement of the Illinois state law which provides a fare of two cents a mile.

This law which was not enforced during federal control of railroads, is scheduled to become effective August 31, when the government guarantee to the roads ends, the state public utilities commission have recently refused to grant the roads' petition for an increase in fares to 3.6 cents per mile. The commission at that time stated that it did not have authority to grant an increase less than the state law allowed. Increases in freight rates were granted, however, their being no state law affecting them.

Says Commission Has No Power.
The petition declares that the public utilities commission has no power to lower the rates granted by the interstate commerce commission and the roads announced that the case would be fought to the United States supreme court if necessary. Representatives of the state tonight said that if the railroads lose, the people of Illinois will be entitled to refunds totalling millions of dollars on fares paid since July, 1917, in excess of the two cents a mile allowed by the state law.

Three federal judges will hear the case. They are Judges Landis, Carpenter and Page.

It was said tonight by railroad attorneys that other roads might take action before the case is heard.

The roads filing today's suits were: Illinois Central, Chicago and Eastern Illinois; Chicago, Burlington and Quincy; Chicago and Northwestern; Chicago, Milwaukee and St. Paul; Chicago, Rock Island and Pacific; Atchafalaya, Topeka and Santa Fe.

FRANCE HOPES TO GET ANOTHER LOAN

BUREAU OF CROP ESTIMATES SAYS CORN NEEDS RAIN

Portion of Crop Cannot Possibly Mature, Report Says

PROSPECT OF POTATO CROP VERY POOR

SPRINGFIELD, Ill., Aug. 16.—Corn in Illinois needs more rain. Although benefited considerably in localities where good rains fell last week, it is still suffering from drought according to the weekly crop report of S. D. Fessenden of the bureau of crop estimates.

"A portion of the crop, of amount hard to determine at present," the report says, "cannot possibly mature even with plenty of moisture and a most favorable fall. It was planted very late and has made very little growth due to lack of moisture. Chinch bugs are still at work. A new brood is now due and much chaffy grain is likely to result."

"High wages," continues the report, "and a large increase in the use of farm machinery and ideal weather conditions for harvesting have enabled the farmers to get by with the farm labor situation so far, but the supply is none too large."

Transportation Serious Problem.
"There is a shortage of grain cars, the elevators and warehouses are full in many localities and the transportation of grain is a serious problem in the state."

Harvesting of winter wheat and rye is completed and harvesting of spring wheat, oats and barley is under way. Farmers are leaving much winter wheat in the shock and more stacking has been done than usual, because of lack of sufficient storage and shortage, the report said. Some meadows have been burned for hay. Pastures show revival where rain has fallen lately but on the whole are burned and dry and are furnishing but little feed.

Prospects for the late crop of white potatoes is very poor due to disease, bugs and drought. Sweet potatoes have suffered from the drought.

A third brood of the codling moth is about due in the south third of the state and may do much damage if late apples are not properly sprayed. The harvest of peaches and pears is starting and good yields are expected. Home grown watermelons of excellent quality are just reaching the markets.

ARMED GUARDS ARE WATCHING FOR BANDITS

CEDAR RAPIDS, Iowa, August 16.—Armed guards are stationed in every town between Thornton and the Minnesota border watching for the six bandits who blew the safe in the First National Bank at Thornton early today and escaped with \$5,000 in cash and nearly \$30,000 in liberty bonds. It is believed the men are headed toward Minneapolis. They are traveling in a large automobile and are heavily armed. Sheriff's posses with orders to shoot on sight are searching for the men. The interior of the bank was literally demolished by the heavy charges of nitro used to open the safe.

CANADIAN ARRESTED NEAR AMERICAN BORDER

Montreal, Aug. 16.—Arthur Erecment, former member of the Canadian parliament arrested near the American border Saturday after deportation from the United States pleaded not guilty when arraigned today on three charges of obtaining money under false pretenses.

PARIS, Aug. 16.—The British treasury has authorized use of British relief credits totalling \$1,500,000 for the purchase of foodstuffs for refugee Poles.

JAMESTOWN, N. D., Aug. 16.—Franklin D. Roosevelt in a address here tonight declared that if Governor Cox was elected president in November, a peace treaty would be ratified within sixty days.

GENERAL GORGAS IS BURIED WITH MILITARY HONORS

Famous Army Man Laid to Rest in Arlington Cemetery

SERVICE WAS MOST IMPRESSIVE

WASHINGTON, Aug. 16.—The body of Major General William G. Gorgas, conqueror of yellow fever in Cuba and Panama, and former surgeon general of the army was buried today at Arlington National Cemetery with impressive military honors. Preceding the army ritual at the grave, three services were held at the church of Epiphany, attended by members of cabinet members of the diplomatic corps and officers high in the army and navy.

Rear-Admiral Cary T. Grayson represented President Wilson. Most impressive since Dewey's funeral. To the mournful roll of muffled drums and the rhythmic cadence of troops marching at the half step, the long funeral of Gorgas was the most impressive since the funeral of the late Admiral Dewey, made its way to the cemetery.

The dead man's hearse, draped in black followed close behind the body.

As the procession entered the cemetery the guns at Fort Myer near by boomed out a major gun salute of 14 guns. After the customary three volleys of musketry and another fourteen gun salute from Fort Myer mingled with the sorrowful bugle notes of "taps."

RAY CHAPMAN HIT BY PITCHED BALL

NEW YORK, Aug. 16.—Ray Chapman, shortstop of the Cleveland American League Baseball club was hit on the head and his skull fractured by a pitched ball in the game with New York today. The accident occurred in the fifth inning when Chapman, while at bat, attempted to dodge a fast underhand curve, thrown by Pitcher Carl Mays of the Yankees. He was given first aid on the field and then removed to a hospital, where physicians later said his condition was serious. Concussion of the brain and hemorrhages developed and physicians said an operation might be necessary.

Physicians announced later that Chapman underwent the operation successfully and that they believed he would recover. They said it would be several hours before it would be possible to determine positively the outcome.

News alleging that hunger-striking Sinn Fein prisoners are being allowed to die is also arousing the people.

COULTERVILLE IS QUIET AFTER RIOTS

SPRINGFIELD, Ill., Aug. 16.—Disturbances at Coulterville from where reports of rioting between whites and negroes reached here this afternoon, had subsided before nightfall and authorities had the situation in hand. City Marshal Gillespie told Adjutant General Frank S. Dickson over the telephone this evening.

Nobody had been killed, the marshal said, and the trouble had been confined to the burning of one building. Four extra policemen had been added to the city force. Sheriff McGuire of Randolph county who made a hurried trip from Chester to Coulterville made a similar report to General Dickson.

Trouble, the sheriff said, started at the coal mines.

IMMIGRATION OFFICIALS DUE OR SHAKUP

Washington, Aug. 16.—Investigation of the arrest without warrants ten days ago of 39 Hindus at South Bethlehem, Pa., by immigration officials has led to department officials to extend their inquiry to the Ellis Island station at New York.

Commissioner Wallis of Ellis Island has been summoned here for a conference tomorrow with department officials and there was some indication tonight that a shakeup might be in prospect.

MOTHER AND TWO CHILDREN DROWNED

Seattle, Washington, Aug. 16.—Mrs. Marie Gilson, 31, and two of her children, aged 9 and 7, were drowned in Lake Washington today. The mother attempted to save them as they were being swept beyond their depth by waves. A third son, 11, was rescued by his father, after the boy was almost overcome while trying to save his brothers.

OPERATORS AND MINERS UNABLE TO GET TOGETHER

Adjourn After Three Hour Session With- out Agreement

LITTLE TO INDICATE EARLY SETTLEMENT

CLEVELAND, O., Aug. 16.—Members of the joint scale committee of the Central Competitive bituminous coal field were deadlocked tonight after the operators had refused the miners' demands for increased wages and he miners in turn had rejected a counter proposal of the operators and a joint subcommittee appointed to consider the situation adjourned after a three hour session without reaching any agreement.

The miners on Saturday presented a demand for a \$2 a day increase for day and month laborers and a ten cent a ton increase of pick and machine mining. In their reply today the operators offered to correct the seeming inequality of the award of bituminous coal commission last March, under which the pick mining rate was advanced 27 per cent over the then existing contract and the day and month men to the equivalent of the pick miners advance.

Operators Refuse Tonnage Increase.
The operators, however, refused to consider any other demands made by the miners including the ten cents per ton asked for pick and machine mining.

On receipt of the operators' proposal the miners promptly rejected it and a sub-committee of the joint scale committee was appointed to try and reach a settlement.

After adjournment tonight members of the sub-committee said there was little to indicate any immediate settlement. It became known today that the federal government is watching the meeting thru a local representative of the department of justice with regard to the possibility of any strike action by the miners.

SINN FEIN CAMPAIGN NOT CAUSE OF RIOT

DUBLIN, Aug. 16.—The success with which Republican volunteers maintained order in Dublin Sunday night and the way they endeavored to protect the soldiers and disperse crowds Saturday night is taken as evidence that Saturday's disturbances were not part of the Sinn Fein campaign but were caused by a mob aroused over the killing of a boy in the recent riots.

This bitterness it is the general belief, will be increased by the events of the week-end, the worst of which in the eyes of Irishmen, was the killing of Patrick Lynch Saturday night. According to his sisters, Lynch was taken from his house by soldiers and later was found dead.

There were disturbances at Limerick, following the shooting of a policeman which the police charge was done by a civilian. Others, however, declare the shooting was accidental.

News alleging that hunger-striking Sinn Fein prisoners are being allowed to die is also arousing the people.

BRITISH HOUSE OF COMMONS ADJOURNS UNTIL OCTOBER 19

Speaker May Call Meeting
Earlier if Thought
Necessary

LLOYD GEORGE SPEAKS OF IRELAND

LONDON, Aug. 16.—The house of commons tonight without division agreed to the motion of Andrew Bonar Law, the government leader, adjourning the house until October 19, but empowered the speaker to summon parliament earlier should the public interest demand it. This and Mr. Bonar Law's undertaking that in event of Russia's armistice terms to Poland were being materially altered, the government would take no action without consulting parliament, meets the opposition's objections that the country should not be committed to any intervention against Russia without the consent of parliament.

Mr. Bonar Law confirmed that the armistice terms to Poland as announced by Russia had the approval of both Great Britain and Italy and said that if they were sincerely adhered to Great Britain would not interfere between Russia and Poland.

Although today's sitting had been especially called on account of the Polish crisis it had from this viewpoint little interest owing to the lack of news from Minsk, where Polish and Bolshevik emissaries are conferring.

No Dominion Home Rule

Paragraphs in the newspapers recently, considered by some to have been inspired had led the public to expect some new declarations of policy toward Ireland by the premier or Mr. Bonar Law in lines of dominion home rule, but this expectation met with disappointment.

Mr. Lloyd George confined himself to repeating his previous offer that the government would discuss a settlement with any representatives of Irish not excluding the Sinn Feiners, provided they accepted three stipulations, which he carefully defined—that Northern Ulster's six counties must be treated separately; that there must be no secession, directly or indirectly of any part of Ireland from the United Kingdom and the government could not agree to anything that would involve any detection from the security of the British Isles or of their safety in case of war.

This guarded statement, although announcing no new policy, will probably be interpreted as an invitation to continue outside discussions of dominion settlement which have made such unexpected progress recently and enlisted support in hitherto antagonistic quarters.

COX WILL COMPARE RECORD WITH THAT OF SENATOR HARDING

Plans Address Before Democratic State Convention

RECEIVES WORD OF FIGHT IN TENNESSEE

COLUMBUS, O., Aug. 16.—Governor Cox indicated today that his address before the Ohio Democratic convention tomorrow would parallel his six years' official record in the state with that of Senator Harding.

The issue of nations is another issue the governor will champion tomorrow, with the support of Secretary of War Baker who is to appear with him.

The governor's address is to open the state campaign formally and then organization matters are to be taken up.

Gov. Cox today had received no more word officially regarding the automobile speeding charges made yesterday at Jackson, Ohio. Action against the governor was deemed improbable although reports were current that chauffeurs of his party were to be prosecuted.

Reports received by Governor Cox today regarding the Tennessee woman suffrage fight said that a "very, very hard contest" was in prospect, the governor said.

Louisville and Nashville railroad interests, he said, had been advised, were intervening in opposition to ratification.

ROBBED OF DIAMOND WHILE HE SLEPT ON TRAIN

Baltimore Md., Aug. 16.—Chas. O. Crames, a New York jewelry broker, was robbed of \$16,000 worth of uncut diamonds while he slept on a Pennsylvania train en route to Baltimore from New York early today. He reported the jewels had been taken with his clothes, which were missing. Another case containing \$20,000 worth of gems was under his pillow.

Candidates have until August 26th to withdraw from the present primary contest. Indications are in Morgan county that there will be no withdrawals. Most of the candidates are just now getting under full steam and show no disposition to quit the race.

A government report says that graft has been eliminated from San Domingo affairs, where the U. S. for some time has had charges of the government, and further that San Domingans are about ready for self-government. A similar and authenticated report about graft in the U. S. would be very welcome.

Dr. Polk of Champaign has given a worth while memorial to his native town of Arcola. It is a hard road a half mile in length and represents a cost of \$30,000. This certainly is a practical memorial and one that will keep the

doctor's memory green thru long years to come.

The gift has the value too of the inspiration it will give in still further road betterments in that locality.

It is said that unless the 10,000,000 automobilists in the country use greater economy that rationing of gasoline will be necessary after September 15. Another plan proposed is to increase the price to 40 cents a gallon. Judging by past performances, that method would be without effect. The higher the price of gas the greater the desire for road travel.

It is very much to the credit of American patriotism that less than 1 per cent of the 24,000,000 men enrolled under the draft law have been classed as deserters. The government originally offered \$50 per capita for the apprehension of the men so classed. Now the money offer has been withdrawn and thru the publication of the names the government expects to locate the men.

No doubt there will be plenty of assistance given without cost from the 99 per cent, and the deserters will receive their just reward.

Judging from all this talk from Democratic sources about the huge Republican fund, the same old cry is to be heard about Wall Street and big business in this campaign. That charge from Democracy has been so often heard that it is worn and hackneyed.

The people have grown so accustomed to the stories about the

Republican effort to control government for private benefits in a business way that they give no heed to the wanton stories.

All eyes are on Tennessee, where the legislature may act today on the suffrage question. The senate there last week passed the suffrage bill by a strong majority. Today the committee from the house will report the bill out with recommendation for its passage. That doesn't necessarily mean victory for the suffrage workers, but the prospect is bright.

Certainly the national Democratic leaders are now using their best efforts in behalf of the suffrage cause and they can be counted on to take to themselves all possible glory if the Tennessee action is favorable.

It may be that prohibition laws do not prohibit and that banishment of whiskey has brought into use various concoctions that are still more harmful. Nevertheless, police reports from six Illinois cities west prior to July 1, 1919, show that during the last year that there were only one-eighth as many arrested for drunkenness as compared with the last previous year.

In Peoria the number was reduced from 1790 to 259; in Alton from 278 to 19; in Joliet from 251 to 43; in Kankakee from 225 to 22; in Cairo from 843 to 95; in Belleville from 97 to 23. In Chicago the number of arrests for disorderly conduct, which includes drunkenness, was reduced from 46,000 to 26,550.

The interstate commerce commission has ruled that the consignor must pay \$10 a day demurrage on each car which is not unloaded within 48 hours after it has been received. In some instances it will be impossible to unload cars without incurring this large additional cost and of course the expense will be charged up to the consumer. The average persons who reads about the demurrage charge thinks of it as something in which only the shipper or the dealer is concerned, whereas the \$10 a day charge is one which the public must pay.

COL. CHIPERFIELD STILL IN RACE.

Col. P. M. Chipperfield, who announced himself as a candidate for Republican nomination for senator in Illinois, has no intention of quitting the race. The Canton Register in a lengthy editorial on the Chipperfield candidacy, has this to say:

"Isn't it about time that the people of Illinois nominate their own candidates to state and national offices, instead of letting the politicians and big business tell them who to vote for and 'make them like it'?"

"There's the senatorial situation, for instance. The Lowden-Deneen faction says McKinley must be the Republican nominee for United States senator, and the Thompson-Lundin faction demands that Frank L. Smith be named. What about the people's choice in the matter? Must the

rank and file of the Republican party accept one or the other of these two hand-picked candidates forced on them by two political rings vying with each other for the spoils of victory at the polls, or will the Republicans of Illinois, the real voters, make their own choice and decline to be chained either to the chariot wheels of a Chicago dictator or the ears of a downstate czar?"

"It isn't as though there were no alternative. McKinley and Smith are not the only candidates whose petitions have been legally filed. Shurtliff has withdrawn, it is true, under the pressure of the Lowden-Deneen or some other influence, but there is still another candidate."

"Col. B. M. Chipperfield is still very much in the race. Undoubtedly there have been all kinds of influence to bear on him to get him to quit, but Chipperfield isn't a quitter."

Rippling Rhymes

ROMESQUE

Jack Johnson, of the golden smile, remained abroad for quite a while. And when he left our well known shore he thought he would return no more, for prison doors were swinging wide, with wardens beckoning, inside. He'd lead a glad free life abroad, and gain and blow a princely wind, and chum with foreign earls and dukes and barons and dukes. He stood the gaff for eight long years, still gazing homeward thru his tears; at last he rose and cried, "Oh, gee, my native land looks good to me! These foreign countries all grow stale—I'd rather be at home in jail!" Said Emma Goldman, when she went, "Your boasted land's not worth a cent; I shake its dust from off my boots; it's ruled by grafters and by plutes; in Russia they've the proper plan—it's founded on the rights of man." She's had some months of Russia now, and grief is thronged upon her brow. She, like a dead game snort, admits, that she is tired of Russia's fits, and she would give her roller skates to see again the good old States. Unhappy is that weary wight who to this country says, "Good night," who sees the light upon our shore, and knows he'll see them never more.

A TRIBUTE TO MR. FRENCH.

In the death of Arthur L. French Morgan county has lost one of its most useful citizens; taken away in the very prime of life.

I knew Mr. French intimately in some of his financial dealings and also in his political associations and found him highly honorable in both of these important branches of life; he was just and generous in both alike.

There is nothing in life that will supply the place of human friendship as our friend, passed away one by one we appreciate their friendship more highly.

The name of Arthur L. French will long be remembered by a large circle of friends.

UNIQUE COMMENCEMENT EXERCISES IN SCHOOL.

At a recent commencement day in a southern state the program was unique and impressive. Pupils spoke and demonstrated as they went. A boy discussed concrete and made a block before the audience. Other practical demonstrations were made and finally the number which evoked the loudest cheers from both white and colored was a number by the principal's aged mother. She had taken a course in broom-making, made one complete before her auditors and then showed her to a diploma in that line. Some common sense and progress in that school.

Entire Train Load of Oil Consigned to Local Man by Sinclair Oil Co., for Use on Champaign County Roads.

A whole train load of oil is on the way from Vinita, Okla., for delivery to William H. Cocking in Rantoul township of Champaign county. Mr. Cocking has a contract for oiling something more than 100 miles of road in that township and has been worrying along for weeks receiving only small shipments of oil. This oil is being shipped on a Sinclair Oil Co. Recently he secured an agreement from the company to make a shipment of 27 cars of oil at one time if he would agree to handle that much oil within three days.

Mr. Cocking has two oil trucks of his own and succeeded in making arrangements for the use of five other trucks. With this equipment he will be able to spread all of the oil in twenty-seven cars within the three days time.

It is estimated that the solid train of oil will move from Vinita to the point of destination in three days. Ordinarily it takes three weeks for a single car to cover the same distance.

A service man from the Sinclair Oil Co. will accompany the train and remain in Champaign county until the oil has been unloaded and then will accompany the shipment of tanks back to Vinita. The company has never made just such a shipment as this and a photograph of the train was taken as it left Vinita.

Mr. Cocking made a fortunate contract for oil this year and so has found himself in very fortunate position in taking care of the extensive work which he secured at road improvement lettings in various counties.

CHICAGO CHILDREN GONE.

The second contingent of the Chicago children started away yesterday morning. They were 48 in number and all were merry as larks with the exception of a few who dreadfully disliked to leave the kind entertainers who had made them so happy and some of the latter had a few tears to shed as well.

The whole affair has been handled without mishap of any kind and the good people have in many cases fitted out the children with substantial clothes and other good things, thus making a good deposit in the heavenly bank which will bring them generous dividends long after they are thru with earthly things. Quite a number of the children said they would like very much to return to the same places next year and would be very glad to have them arranged for them. Careful inquiry has been made on the part of the children and that surely isn't a bad thing for little folks.

A Morgan county was the home of a county of Chicago cordially invited Mrs. Jean Parsons to accompany the children at the expense of the Chicago people that they might know her.

Wehre Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever On the Lips of the Afflicted

Eczema, Tetter, Pimples and other terrifying conditions of the skin are deep-seated blood troubles, and applications of salves, lotions and washes can only afford temporary relief, without reaching the seat of trouble. But just because local treatment has done you no good there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you

have to guide you to relief. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble. Give it a fair trial to be convinced of its efficacy.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today, describing your case to Medical Department, Swift Specific Co., 262 Swift Laboratory, Atlanta, Georgia.—Adv.

Candidates have until August 26th to withdraw from the present primary contest. Indications are in Morgan county that there will be no withdrawals. Most of the candidates are just now getting under full steam and show no disposition to quit the race.

A government report says that graft has been eliminated from San Domingo affairs, where the U. S. for some time has had charge of the government, and further than San Domingans are about ready for self-government. A similar and authenticated report about graft in the U. S. would be very welcome.

Dr. Polk of Champaign has given a worth while memorial to his native town of Arcola. It is a hard road a half mile in length and represents a cost of \$30,000. This certainly is a practical memorial and one that will keep the

doctor's memory green thru long years to come.
The gift has the value too of the inspiration it will give for still further road betterments in that locality.

It is said that unless the 10,000,000 automobilists in the country use greater economy that rationing of gasoline will be necessary after September 15. Another plan proposed is to increase the price to 40 cents a gallon. Judging by past performances, that method would be without effect. The higher the price of gas the greater the desire for road travel.

It is very much to the credit of American patriotism that less than 1 per cent of the 24,000,000 men enrolled under the draft law have been classed as deserters. The government originally offered \$50 per capita for the apprehension of the men so classed. Now the money offer has been withdrawn and thru the publication of the names the government expects to locate the men.

No doubt there will be plenty of assistance given without cost from the 99 per cent, and the deserters will receive their just reward.

Judging from all this talk from Democratic sources about the huge Republican fund, the same old cry is to be heard about Wall Street and big business in this campaign. That charge from Democracy has been so often heard that it is worn and hackneyed.

The people have grown so accustomed to the stories about the

Republican effort to control government for private benefits in a business way that they give no heed to the wanton stories.

All eyes are on Tennessee, where the legislature may act today on the suffrage question. The senate there last week passed the suffrage bill by a strong majority. Today the committee from the house will report the bill out with recommendation for its passage. That doesn't necessarily mean victory for the suffrage workers, but the prospect is bright.

Certainly the national Democratic leaders are now using their best efforts in behalf of the suffrage cause and they can be counted on to take to themselves all possible glory if the Tennessee action is favorable.

It may be that prohibition laws do not prohibit and that banishment of whiskey has brought into use various concoctions that are still more harmful. Nevertheless, police reports from six Illinois cities wet prior to July 1, 1919, show that during the last year that there were only one-eighth as many arrested for drunkenness as compared with the last previous wet year.

In Peoria the number was reduced from 1700 to 259; in Alton from 278 to 19; in Joliet from 251 to 43, in Kankakee from 225 to 22; in Cairo from 843 to 95; in Belleville from 97 to 23. In Chicago the number of arrests for disorderly conduct, which includes drunkenness, was reduced from 46,000 to 26,550.

The interstate commerce commission has ruled that the consignee must pay \$10 a day demurrage on each car which is not unloaded within 48 hours after it has been received. In some instances it will be impossible to unload cars without incurring this large additional cost, and of course the expense will be charged up to the consumer. The average persons who reads about the demurrage charge thinks of it as something in which only the shipper or the dealer is concerned, whereas the \$10 a day charge is one which the public must pay.

COL. CHIPERFIELD STILL IN RACE

Col. E. M. Chipperfield, who announced himself as a candidate for Republican nomination for senator in Illinois, has no intention of quitting the race. The Canton Register in a lengthy editorial on the Chipperfield candidacy, has this to say:

"Isn't it about time that the people of Illinois nominate their own candidates to state and national offices, instead of letting the politicians and big business tell them who to vote for and 'make them like it'?"

"There's the senatorial situation, for instance. The Lowden-Deneen faction says McKinley must be the Republican nominee for United States senator, and the Thompson-Lundin faction demands that Frank L. Smith be named. What about the people's choice in the matter? Must the

rank and file of the Republican party accept one or the other of these two hand-picked candidates forced on them by two political kings vying with each other for the spoils of victory at the polls, or will the Republicans of Illinois, the real voters, make their own choice and decline to be chained either to the chariot wheels of a Chicago dictator or the ears of a downstate czar?"

"It isn't as though there were no alternative. McKinley and Smith are not the only candidates whose petitions have been legally filed. Shurtleff has withdrawn, it is true, under the pressure of the Lowden-Deneen or some other influence, but there is still another candidate."

"Col. B. M. Chipperfield is still very much in the race. Undoubtedly there have been all kinds of influence to bear on him to get him to quit, but Chipperfield isn't a quitter."

Rippling Rhymes
By Wait Mason

DOMESTIC

Jack Johnson, of the golden smile, remained abroad for quite a while. And when he left our well known shore he thought he would return no more, for prison doors were swinging wide, with wardens beckoning, inside. He'd had a good free life abroad, and gain and glory were his, and chum with foreign earls and dukes and barons and flakes. He stood the gaff for eight long years, still gazing homeward thru his tears; at last he rose and cried, "Oh, gee, my native land looks good to me!" These foreign countries all grow stale—'d rather be at home in jail!"

Said Emma Goldman, when she went, "You boasted land's not worth a cent; I shake its dust from off my boots; it's ruled by grafters and by plutes; in Russia they've the proper plan—it's founded on the rights of man." She's had some months of Russia now, and grief is thronged upon her brow. She, like a dead game sport, admits that she is tired of Russia's fits, and she would give her roll of stripes to see again the good old States. Unhappy is that woe who to this country says, "Good night," who sees the light upon our shore, and knows he'll see it—'em never more.

In the death of Arthur L. French Morgan county has lost one of its most useful citizens; taken away in the very prime of life.

I know Mr. French intimately in some of his political dealings and also in his political associations and conduct, and found him highly honorable in both of these important branches of life; he was just and generous in both alike.

There is nothing in life that will supply the place of human friendship as our friends pass away one by one we appreciate their friendship more highly.

The name of Arthur L. French will long be remembered by a large circle of friends.

At a recent commencement day in a southern state the program was unique and impressive. Puppets spoke and demonstrated as they went. A boy discussed concrete and made a block before the audience. Other practical demonstrations were made and finally the number which evoked the loudest cheers from both white and colored was a number by the principal's aged mother. She had taken a course in broom-making, made one complete before her auditors and then showed others she had made entrilling her to a diploma in that line. Some common sense and progress in that school.

Family Reunion Monday

At McCormick home. Monday at the home of William McCormick on Grove street a pleasant family reunion was held. There were present Mr. McCormick's sister, Miss Anne McCormick; his son, James, the latter's wife and four children of Canton; his brother John and the latter's son, Thomas, and two children of Greenville; Mr. and Mrs. E. L. Kinney of South Prairie street, this city.

An excellent dinner was prepared by Mrs. W. D. McCormick and was thoroughly enjoyed by all present. The whole occasion was full of pleasure for all concerned and was one which will long linger in memory.

Birthday Surprise

For Carl Lawless. Sunday was the twenty-third birthday of Carl Lawless, son of Mr. and Mrs. John Lawless, and the day was most pleasantly observed. A surprise party had been planned for the young man by Mrs. Roy Lawless and a large number of his friends spent the day with him. The house was prettily decorated with ferns and golden rods. At noon a luncheon was served consisting of sandwiches, pickles, iced tea, lemonade, ice cream and cake. Afterward several hours were spent with music and games, and the guests left with best wishes for Mr. Lawless.

Those in the company were Mr. and Mrs. William Stringer and family; Mr. and Mrs. Allen Parker and family; Mr. and Mrs. Roy Lawless and daughter, Eloise; Mr. and Mrs. Fletcher Patterson and family; Mr. and Mrs. Herbert Sinclair; Wilmer Thady, Frank and John Windsor.

If you want a tire for your car at a surprising price now is your chance at the H. Z. Auto Inn.

Frank Markille and sister Miss Lola Markille, of Kansas City, are visiting friends and relatives in the city.

MOTORMAN NOT LOSING ANY TIME

"I don't think anyone ever suffered more from stomach trouble and bloating than I have. I had to lay off my run more than half the time and could get no help from prescriptions or medicine. One of my friends advised using Mayr's Wonderful Remedy, which I found to be the greatest remedy ever put on earth. I have not lost a day since taking it. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

M'GRAW TOO ILL TO BE INTERVIEWED
NEW YORK, Aug. 16.—"Too ill to be interviewed"—this was the message to federal prohibition enforcement agents who called on John J. McGraw to ask if it was true he had bought whiskey at the Lambs, prominent actors club.

An admission to this effect, alleged to have been made in connection with the investigation of how John C. Slavin, actor, received a fracture of the skull in front of McGraw's house about a week ago, today attracted the attention of James S. Shevlin, chief enforcement officer of this city, who declared if the baseball man did not voluntarily present himself at the district attorney's office a subpoena would be sought.

The agents reported they had been unable personally to see McGraw who is recovering from a blow on the head, received, he said, in a scuffle in the Lambs Club house.

Slavin's condition today was reported worse and for this reason District Attorney Swann announced he would not present the case to the grand jury for a few days. Meanwhile, dry agents have announced they would make another attempt to interview McGraw on the liquor sale, which, if true, will result in investigation of the Lambs, according to Mr. Shevlin.

M'GRAW TOO ILL TO BE INTERVIEWED

NEW YORK, Aug. 16.—"Too ill to be interviewed"—this was the message to federal prohibition enforcement agents who called on John J. McGraw to ask if it was true he had bought whiskey at the Lambs, prominent actors club.

An admission to this effect, alleged to have been made in connection with the investigation of how John C. Slavin, actor, received a fracture of the skull in front of McGraw's house about a week ago, today attracted the attention of James S. Shevlin, chief enforcement officer of this city, who declared if the baseball man did not voluntarily present himself at the district attorney's office a subpoena would be sought.

The agents reported they had been unable personally to see McGraw who is recovering from a blow on the head, received, he said, in a scuffle in the Lambs Club house.

Slavin's condition today was reported worse and for this reason District Attorney Swann announced he would not present the case to the grand jury for a few days. Meanwhile, dry agents have announced they would make another attempt to interview McGraw on the liquor sale, which, if true, will result in investigation of the Lambs, according to Mr. Shevlin.

PROF. WOOLSTON TALKS ABOUT CHILD WELFARE

Made Interesting Address at Congregational Church—Illinois in Front Rank in Education of Defective Children

Sunday morning Prof. Woolston, superintendent of the State School for the Blind, gave an interesting address regarding child welfare work in the country. He offered a number of interesting statistics and facts of which a few are given.

There were three divisions. State laws concerning and state aid providing for public day classes for defective persons.

Professional requirements for teachers of defective children. Methods used in classes for the instruction of defective children.

One hundred and sixty-two cities support classes for defective children. Twelve support classes for backward children.

Ten for speech correction. One hundred and fifty-seven use psychological tests in selecting children for special classes of mental defectives.

Ninety-eight employ psychologists. Five cities employ psychologists to establish classes in smaller districts and psychological aid is often given by university, state or local clinic.

In all states in which the school laws provide for special classes

the number of classes multiply, the professional requirements, teachers are raised and methods or standards improve.

Illinois a leader.

Th states which give aid to classes for defective children in public day schools are Ohio, Wisconsin, New York, New Jersey, Pennsylvania, Minnesota, Wyoming, Missouri, West Virginia, Massachusetts and Illinois.

The laws in these states have been enacted within the past three years for making additional provision for the deaf, mentally retarded, blind and crippled and it is surprising how fast this work is becoming universal. The annual provision for each blind is \$300, \$150 for each deaf, mentally retarded or crippled child in the public school.

Suitable officers are chosen for selecting the public and in some cases special classes are limited to fifteen and where ten or more children in any district are mentally or physically retarded or handicapped they must have educational advantages while a high test is prescribed for teachers. The universities of New York and Minnesota offer special courses for teachers in this line and twenty other great universities offer much that is preparatory for teachers.

New York, Philadelphia, Detroit, Cleveland, Jersey City, Chicago and Boston have fine schools in this line.

At Wheaton, Ill., is a convalescent home for crippled children with a good school. Ohio has 15,000 crippled children, 4500 has 13,000 deaf, 7325 deaf and 3700 blind. The great object is to teach these children to be self supporting.

In the years past these people have not asked for sympathy but have received much; have asked for independence and have received but little and now they rejoice because a new era awaits them.

Disabled Soldiers Taught.

An attempt was made to provide with money the blind and maimed veterans of the great war but instead the brave defenders of the nation asked for special training which is being given them and the results are most gratifying. Thousands having been prepared for earning an independent livelihood. They repair furniture, make toys, brushes, book binding, leather work, weaving, make pottery, jewelry, baskets, garments, stencils, music, do typewriting, dictaphone operating

switch board operating and many other things.

In all cities a good share of the time in the classes is devoted to physical training.

It is all important that the training should begin at home. Generally the defective children come from homes where unfavorable conditions exist. Too often they have received little or no help and training at home when they should have had more than the normal children, and so have become sub-normal. There is a large field for social service before school age.

Duty to Children.

A visitor to a Polish home in Chicago disclosed a child three and one half years old totally blind. The parents had spent much on the child's eyes to no avail and so the mother supposed her whole duty was to feed and clothe the child but by dint of hard work she was made to see that a useful future for the little one might be secured. Much has been done to find such cases. A pupil at the state institution here was the son of a well-to-do parents. He was lively and athletic. He lost his sight thru an explosion, was deserted by his mates, left alone much and became weak and despondent but was restored in the school. Special training is what these children need.

Much is being done by the social service workers to discover and bring to light these unfortunate and need special attention and training and it is a God given work. Much progress has been made yet only a more beginning can be claimed so far.

YOUNG WOMAN IS WELL PLEASED WITH SELF NOW

Says Trutona Not Only Gave Her Much Sought Strength But Also Adds to Her Purses.

Peoria, Ill., Aug. 16.—"I've gained at least ten pounds since I began taking Trutona, and I feel ten years younger now," says Miss Eleanor Lant, who lives in Peoria at 209 Knoxville Avenue.

"My system had been in a run-down condition for the past five years. All of this time I did nothing but doctor myself, but regardless of this fact I never found anything that would do me any real good. I suffered severely with my back, my liver was out of order, and my stomach in about as bad condition. Everything I ate felt like a weight in my stomach. I had suffered so long that I had almost decided I could never get any relief.

"But it is different since I began taking Trutona. After I had finished the first bottle of the Perfect Tonic, I was doing my own washing. Before this I was so nervous I'd go all to pieces if I tried to work. I can eat anything I want to now, and nothing hurts me. I sleep much better at night, too. I wish I had all of the money I spent before I began using Trutona, but I shouldn't complain after the remarkable relief this wonderful medicine has given me. This Perfect Tonic has given me what I've been seeking for the past five years,—weight and strength."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Jacksonville by Coover & Shreve and by Wyle Drug Co., Franklin, Ill., and Wyle Drug Co., Waverly, Ill.

LAST RITES SAID FOR MRS. RICHARDSON

Large Number Attended Funeral at Point Church Sunday—J. O. Kirkpatrick Paid Eloquent Tribute to Memory of Deceased

Sarah Jane Middleton was born Jan. 17, 1877 near Lynnville at the old farm home and departed this life in Long Beach, Aug. 8, 1920.

The deceased was united in marriage with Henry Hall Richardson, November 30th, 1911 with whom she happily lived until death separated them. She was the mother of one child who remained only a few days to delight the fond mother heart, but departing, left her in great disappointment.

She was a woman with a great desire to see the beauties and wonders of this world and to this end she traveled very much, finding her way to the art galleries of Europe and visited many of the notable cities and other places of interest in Europe.

Together with her husband they made their home comfort with the best ideals obtained while traveling. The home was a place where love abounded.

She was ever ready to help in all cases of need and during the time she was ever busy with her knitting needle to provide some comfortable article for some soldier lad. Her fingers could not knit fast enough, so she secured a knitting machine so she could turn out more and more of warm socks for the boys.

Besides caring for the boys in khaki she spent much of her time making little garments for needy children. Indeed she had about her almost everywhere some work which was in various stages of making. Many the boys who, today, call her blessed and like the friends of Dorcas, weep at the taking away of their benefactress.

In December 1905 she gave herself to follow Jesus and was converted during the same revival services in which her husband was converted. She was a good hearted and lovable woman and was a faithful member of the church at the time of her sudden illness which terminated in her death.

The community in which she grew to womanhood grieves greatly at the strange tragedy overtaking her and her husband who died just one week before she died. Perhaps none will ever know what great mental and physical disturbance caused the sad fatality.

She and her husband thought it best to change climate, so as to avoid the rigorous winters of Illinois. They sold their beautiful home and removed to California, Jan. 7, 1920 thinking that in the more congenial climate of the Pacific coast they could better enjoy life and have better health, but alas! for the plan of men. No wonder one said long time ago, "There is but a step between me and death." How all our plans as Robert Burns declares "gang aft agley." Yet we make our plans as though we would persist for a thousand years and it is passing strange that people have the courage, energy and persistency to pursue so hopefully the aims of life.

The flowers were cared for by when we are so constantly reminded that at any moment the "silver cord may be loosed and the golden bowl broken." They made their plans and many sorrowed at their determination to go so far away from the comfortable nest they had builded and adorned.

Swift and sudden tragedy overtook them and today we mourn the departure and stand amazed at the mystery of it all.

Her sun has set; her day has ended; we mourn the loss but may we hope that when the clouds shall pass away we may find her "where love her crown attains—her trials past—And, filled with rapture, hails the better land."

She leaves in her death two brothers, Dr. A. B. Middleton, Pontiac, Geo. R. Middleton, Long Beach, Calif., besides a host of friends.

The funeral services were held from the Point church Sabbath afternoon at 3 o'clock. Notwithstanding the rain and exceedingly muddy roads the chapel was filled to fullness by the many friends.

The Eastern Star sorority conducted the rites at the grave side. Rev. James O. Kirkpatrick conducted the funeral services at the church where only a week preceding he had conducted the services over the remains of her husband. He chose as the text for the sermon "Now we see through a glass darkly; but then, face to face: Now I know in part; but then, shall I know as I am known" Cor. 13th 13.

The preacher connected the sermon with that of the husband and spoke of the mysterious deaths of these two people and admonished the hearers to so live that when the veil which the future shall be lifted each would be blameless before the face of God.

The music was furnished by Mrs. Herbert Mewson, Mrs. Frank Ranson, John Losenby and Robert Scott. Mrs. William Ranson presided at the organ.

The flowers were cared for by Grace Ranson, Mrs. Grover Vasey, Jessie Lumpkin, Esther Vesey. Burial was in Diamond Grove cemetery, the hearse being Leonard Megginson, Fred Megginson, Robert Middleton, Charles Middleton, Frank Ranson and Homer Ranson.

The deceased was united in marriage with Henry Hall Richardson, November 30th, 1911 with whom she happily lived until death separated them. She was the mother of one child which remained only a few days to delight the fond mother heart, but departing, left her in great disappointment.

She was a woman with a great desire to see the beauties and wonders of this world and to this end she traveled very much, following her way to the art galleries of Europe and visited many of the notable cities and other places of interest in Europe.

Together with her husband they made their home comfort with the best ideals obtained while traveling. The home was a place where love abounded.

She was ever ready to help in all cases of distress and during the war she was ever busy with her knitting needle to provide some comfortable article for some soldier lad. Her fingers could not knit fast enough, so she secured a knitting machine so she could turn out more and more of warm socks for the boys.

Besides caring for the boys in khaki she spent much of her time making little garments for needy children. Indeed she had about her almost everywhere some work which was in various stages of making. Many there are who, today, call her blessed and like the friends of Dorcas, weep at the taking away of their benefactress.

In December 1905 she gave herself to follow Jesus and was converted and during the same revival services in which her husband was converted. She was a good hearted and lovable woman and was a faithful member of the church at the time of her sudden illness which terminated in her death.

The community in which she grew to womanhood grieves greatly at the strange tragedy overtaking her and her husband who died but one week before she did. Perhaps none will ever know what great mental and physical disturbance caused the sad fatality.

She and her husband thought it best to change climate, so as to avoid the rigorous winters of Illinois. They sold their beautiful home and removed to California, Jan. 7, 1920 thinking that in the more congenial climate of the Pacific coast they could better enjoy life and have better health, but alas! for the plan of men. No wonder one said long time ago, "There is but a step between me and death." How all our plans as Robert Burns declares "gang aft agley." Yet we make our plans as though we would persist for a thousand years and it is passing strange that people have the courage, energy and persistency to pursue so hopefully the aims of life.

The flowers were cared for by when we are so constantly reminded that at any moment the "silver cord may be loosed and the golden bowl broken." They made their plans and many sorrowed at their determination to go so far away from the comfortable nest they had builded and adorned.

Swift and sudden tragedy overtook them and today we mourn the departure and stand amazed at the mystery of it all.

Her sun has set; her day has ended; we mourn the loss but may we hope that when the clouds shall pass away we may find her "where love her crown attains—her trials past—

And, filled with rapture, hails the better land."

She leaves in her death two brothers, Dr. A. B. Middleton, Pontiac, Geo. R. Middleton, Long Beach, Calif., besides a host of friends.

The funeral services were held from the Point church Sabbath afternoon at 3 o'clock. Notwithstanding the rain and exceedingly muddy roads the chapel was filled to fullness by the many friends.

The Eastern Star sorority conducted the rites at the grave side. Rev. James O. Kirkpatrick conducted the funeral services at the church where only a week preceding he had conducted the services over the remains of her husband. He chose as the text for the sermon "Now we see through a glass darkly; but then, face to face: Now I know in part but then, shall I know as I am known" Cor. 13th 13.

The preacher connected the sermon with that of the husband and spoke of the mysterious deaths of these two people and admonished the hearers to so live that when the veil hiding the future shall be lifted each would be blameless before the face of God.

The music was furnished by Mrs. Herbert Mawson, Mrs. Frank Ranson, John Losenby and Robert Scott. Mrs. William Ranson presided at the organ.

The flowers were cared for by Grace Ranson, Mrs. Grover Vasey, Jessie Lumpkin, Esther Vesey.

Burial was in Diamond Grove cemetery, the bearers being Leonard Megginson, Fred Megginson, Robert Middleton, Charles Middleton, Frank Ranson and Homer Ranson.

BLACKBURN-HOUSTON CO. BUYS PROPERTY

The Blackburn-Houston Co. several weeks ago purchased from the W. J. Lemp Brewing Co. the warehouse and residence property on East College street adjoining the Chicago & Alton right of way. The sale was made by Edward Keating and the deed was placed on record yesterday. This extensive warehouse was erected a number of years ago by the brewing company before local option laws were in effect. The new owner will use the building for the storage of grain and flour.

There is a large barn on the premises and the space there will also be used to advantage by the grain company.

Have You Seen the F. B. Battery Cover?
The F. B. Battery Cover is an absolute essential for the protection of the battery. Without it the top of the battery quickly becomes covered with mud and dirt, which becomes acid soaked, not only causing a leakage of the current and soon runs down the battery, but also causes undue corrosion, disintegration of the terminals and the battery box proper which in a short time absolutely ruins the complete battery.

AMERICAN ATHLETES SCORED 43 POINTS IN OLYMPIC GAMES

Outclassed All Other Nations' Combinations in Monday's Events

ROOMS SETS NEW RECORD FOR HURDLES

ANTWERP, Aug. 16.—American track and field team continued to gather honors in the second day of the seventh Olympiad. It outclassed all the other nations' combinations but the Americans were not strong enough individually to win all the first place honors, particularly in the classic pentathlon in which the

Finnish star E. Lehtonen, proved the best all round athlete. In addition to the Americans scoring the greatest number of points, the only world record of the day was made by Frank Looney of the Chicago A. A. in the 400 meter hurdles with 54 seconds flat, a full second better than the time made by C. Bacon in the London Olympics in 1908. In both the hurdles and the 100 meters dash four of the six finalists were Americans, of whom three ran first in the hurdles and two first in the 100 meters. A majority of the experts at the finish line of the 100 meter event, but not the officials, insisted that J. V. Scholz of the University of Missouri was third instead of fifth as officially placed but a protest entered by the Americans was withdrawn. In the other event the heats before the semi-finals in the 800 meter run, all the Americans retained places, but it was generally

conceded by the American runners that the South African, B. G. D. Rudd has a sure first in the final. The Americans' performance today netted them a total of 43 points in the track and field events—17 in the hurdles, 15 in the one hundred meters—and 11 in the pentathlon, out of a possible 66 for the day's events.

Sweden, which gained only one fifth place today to add to yesterday's one sixth place, has only a three point track total, but Finland by the 18 points won in the javelin throw yesterday and the ten in today's pentathlon has 29 and is second to the Americans.

France has six points, England 5, Estonia 3 and Norway 1.

SIMPLE HOME REMEDY ADVISED FOR HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be.
"No matter how distressing or humiliating.
"The intensity can be reduced to a harmless mildness," says a Kentucky druggist, who believes from what he has seen that this simple home made remedy is a most important discovery.
He has seen the most severe and apparently uncurable cases of Hay and Rose fever reduced to what might be called a mild cold in twenty-four hours.
In many cases where the patient started treatment a week or ten days before the expected attack, the unwelcome yearly visitor failed to appear with anything like its usual intensity.
People who want to try this new treatment can make a pint in a few minutes.
Four three-quarters of an ounce of Mentholized Arctine into a pint bottle, then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.
That's all there is to the treatment which so many sufferers have found to be a true friend.
Mentholized Arctine in three-quarter-ounce vials is dispensed by all the better pharmacies.
Mentholized Arctine is now in the market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

OLD SHAVING BRUSH DOOMED

Even Lather and Rubbing Are Now Passe.

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

Now, they say, this was lost motion; a waste of time.

The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave. All druggists sell Barbasol.

AMERICAN ATHLETES SCORED 43 POINTS IN OLYMPIC GAMES

Outclassed All Other Na-
tion's Combinations in
Monday's Events

LOOMIS SETS NEW RECORD FOR HURDLES

ANTWERP, Aug. 16.—Ameri-
can track and field team con-
tinued to gather honors in the
second day of the seventh Olym-
piad. It outclassed all the other
nation's combinations, but its
members were not strong enough
individually to win all the first
place honors, particularly in the
classic pentathlon in which the

Finnish star E. Lehtonen, proved
the best all round athlete.
In addition to the Americans
scoring the greatest number of
points, the only world record of
the day was made by Frank Loomis
of the Chicago A. A. in the
400 meter hurdles with 54 sec-
onds flat, a full second better
than the time made by C. Bacon
in the London Olympics in 1908.
In both the hurdles and the 100
meters dash four of the six final-
ists were Americans, of whom
three ran first in the hurdles and
two first in the 100 meters.
A majority of the experts at the
finish line of the 100 meter event,
but not the officials, insisted that
J. V. Scholz of the University of
Missouri was third instead of
fifth as officially placed but a protest
entered by the Americans was
withdrawn.

In the other event the heats be-
fore the semi-finals in the 800
meter run, all the Americans re-
tained places, but it was generally

conceded by the American runners
that the South African, B. G. D.
Rudd has a sure first in the final.
The Americans' performance
today netted them a total of 43
points in the track and field
events—17 in the hurdles, 15 in
the one hundred meters and 11
in the pentathlon, out of a possible
66 for the day's events.
Sweden, which gained only
one fifth place today to add to
yesterday's one sixth place, has
only a three point track total,
but Finland by the 18 points won
in the javelin throw yesterday and
the ten in today's pentathlon has
29 and is second to the Ameri-
cans.
France has six points, England
5, Estonia 3 and Norway 1.

GRAND CIRCUIT RACES POSTPONED

Philadelphia, Aug. 16.—Rain
caused a postponement of the
opening day's card of the Fourth
Grand Circuit meeting at the Bel-
mont Driving Club's track, at
Narberth, Pa.
The 2:10 trot, 2:20 trot for the
directors' cup and the 2:08 pace
will be raced tomorrow in ad-
dition to the William Penn stake
of \$2,000 for two year old trotters
and the Bellevue Straford stake
of \$2,500 for 2:06 trotters.

OLD SHAVING
BRUSH DOOMED

Even Lather and Rubbing
Are Now Passe.

Up-to-date Men Are Using Barba-
sol for Shaving.

Life is truly becoming simpler. An-
other "habit" has been found a fal-
lacy. All these years men have
thought the shaving brush a neces-
sity. With it we have wasted hours
of our valuable time working up the
lather on our boards preparatory to
the daily shave.
Now, they say, this was lost mo-
tion; a waste of time.
The shaving brush is dangerous,
carries germs of fatal disease, such
as anthrax.
And, the alkali, which must be a
part of soap in order to make lather,
irritates the face and makes it sore.
Barbasol, the antiseptic beard soft-
ener, does away with all these, makes
the skin healthy and free from all
shaving irritations, smart, and sore-
ness, and gives a better shave.

SIMPLE HOME REMEDY ADVISED FOR HAY FEVER

Anyone Can Make a Pint for
Trifling Sum and Used in Time
May Prevent Annual Attack.

"No matter how severe your yearly
attack be.
"No matter how distressing or humiliat-
ing—
"It is intensely can be reduced to a harm-
less mildness," says a Kentucky druggist,
who believes from what he has seen that
this simple home made remedy is a most
important discovery.

He has seen the most severe and appar-
ently unconquerable cases of Hay and Rose
fever reduced to what might be called a
mild cold in twenty-four hours.
In many cases where the patient started
treatment a week or ten days before the
expected attack, the unwelcome yearly
visitor failed to appear with anything like
its usual intensity.

People who want to try this new treat-
ment can make a pint in a few minutes.
Four three-quarters of an ounce of
Menthohol Acetate into a pint bottle, then
fill the bottle with water that has been
boiled. Gargle daily as directed and sniff
or spray the nostrils twice daily.

That's all there is to the treatment which
so many sufferers have found to be a true
friend.
Menthohol Acetate in three-quarter-ounce
vials is dispensed by all the better
pharmacies.
Menthohol Acetate is new in this
market. It is possible that your druggist
has not supplied him, but he can get
it for you from his jobber, who has a large
supply.

Certain-teed
is Impervious to
Driving Rain

The severest rain storms only make
you appreciate Certain-teed Roofing
the more.

It keeps the interiors of your house,
barn or other buildings dry and
prevents damage from water.

Certain-teed, properly laid accord-
ing to the instructions enclosed in
every roll, is firmly cemented
together into a one-piece roof
impervious to rain or snow.

It provides complete weather pro-
tection.

Certain-teed is spark-proof and fire-
retarding. It is guaranteed for five,
ten or fifteen years, according to
weight.

With all its superiority, Certain-
teed costs less to buy, less to lay and
less to maintain than any other type
of good roofing.

See your dealer about Certain-teed
Roofing. If he hasn't enough in
stock, he can get more for you
quickly from a nearby Certain-teed
distributing center.

Daily Market Report

STOCK MARKET SHOWS LITTLE LIFE MONDAY

NEW YORK, Aug. 16.—The stock market today resumed its recent dull and tortuous course, the foreign situation and further movement of funds from this point to agricultural centers serving as the chief deterrents to any constructive efforts.

Developments over the week end in the Russo-Polish war contributed to the irregularity of international exchange, altho Paris remittances strengthened visibly on announcement that the French government will meet its part of the Anglo-French loan at maturity.

Reports from leading transportation terminals indicated freer movement of freight and this, together with better credited conditions imparted a firm to strong tone to rails of the higher class.

The inquiry for these shares, however, was light at best.

Shorts concentrated their operations in shippings, low priced oils and motors, and some of the better known specialties. Final dealings were confusing, some of the steel equipments and sugars then coming forward smartly.

Total sales amounted to 275,000 shares.

Conditions affecting the money market were unchanged, all call loans being made at seven per cent with only nominal sums available for 30 and 60 day loans.

Bonds, including liberty and international issues, were irregular on limited dealings. Total sales, par value, aggregated \$8,375,000.

Daily Market Report

STOCK MARKET SHOWS LITTLE LIFE MONDAY

NEW YORK, Aug. 16.—The stock market today resumed its recent dull and tortuous course, the foreign situation and further movement of funds from this point to agricultural centers serving as the chief deterrents to any constructive efforts.

Developments over the week end in the Russo-Polish war contributed to the irregularity of international exchange, although Paris remittances strengthened visibly on announcement that the French government will meet its part of the Anglo-French loan at maturity.

Reports from leading transportation terminals indicated freer movement of freight and this, together with better credited conditions imparted a firm to strong tone to rails of the higher class. The inquiry for these shares, however, was light at best.

Shorts concentrated their operations in shippings, low priced oils and motors, and some of the better known specialties. Finally a weak reaction came, some of the steels, equipments and sugars then coming forward smartly.

Total sales amounted to 275,000 shares.

Conditions affecting the money market were unchanged, all call loans being made at seven per cent with only nominal sums available for 30 and 60 day loans.

Bonds, including liberty and international issues, were irregular on limited dealings. Total sales, par value, aggregated \$8,375,000.

CITY CLERK PYATT IS BACK ON THE JOB

Took Up Work at Regular Meeting Monday Evening—Ald. McGinnis is Mayor Pro Tem.

City Clerk R. L. Pyatt, after an absence in the south of several months for the benefit of his health was again on the job at the regular meeting of the city council Monday evening. Mr. Pyatt returns much improved in health and hopes to be able to look after his office from this time forward.

There was but little business transacted Monday evening and the session was a brief one. When adjournment was taken it was only a little after 8 o'clock.

Roll call showed Ald. Cain, Ebbie Flynn, McGinnis, Moore and Williamson present, with Mayor Crabtree and Ald Chapin absent.

The city clerk announced the first order of business was the election of a mayor pro tem.

Ald Cain placed Ald. Williamson in nomination. Ald. Williamson said that he was not feeling well and as Mayor Crabtree probably would be absent for some time he did not feel like assuming the responsibility.

Ald. McGinnis Mayor Pro Tem Ald. Flynn then nominated Ald. McGinnis. There being no further nominations the clerk declared the nominations closed and called the roll. Ald. McGinnis being elected and took the chair.

The minutes of the last regular meeting were read and approved. A resolution instructing the city treasurer to release a judgment against the Misses Nettie, Emma and Laura Hayden for \$4000 paving assessment of South Sandy street. In spreading the assessment roll they were assessed for 44 feet whereas they only have twenty-four feet. The treasurer wishes to release the judgment as it is impossible to collect it.

A resolution also was read instructing the treasurer to transfer balances from certain funds where all of the bonds and obligations have been paid. The money was ordered transferred to the special assessment fund.

Claims against the city were presented and all those properly approved were ordered paid.

Mayor Pro Tem McGinnis said there were complaints from property owners of North East street about water overflowing the walks on the east side of the street south of the railroad. The cause is that the Wabash railroad has no outlet large enough to carry off the water. The clerk was instructed to notify the proper officials of the road to remedy the condition.

Ald. Ebbie reported that a number of complaints had been made about the odor coming from the Hatfield poultry house. The alderman said it was caused by feeding chickens in the building and the food falling on the wooden floor. He believed there should be a concrete floor in the building or the feeding of chickens should be stopped. The matter was left with the public health committee.

Ald. Moore reported that nothing had been done by the C. P. & St. L. and Burlington about repairing their walks in East State street. Ald. Moore said mud was ankle deep on the walks Monday.

Mayor Pro Tem McGinnis asked the clerk to call the engineer's attention to the list of sidewalks in the First ward that had not been laid and for which ordinances had been passed. Mr. McGinnis said it was getting late and the walks should be laid soon if the work was to be done this year.

Edward Manz Asks Relief
Edward Manz, a resident of North East street was present and asked the council to take steps toward giving him relief from water that backed up in his cellar from the sewer after a heavy rain.

Mr. Manz said that this had only occurred recently but it was very disagreeable and he would like to have something done.

Ald. Flynn said that the main sewer was running clear and that the trouble must be with the trap in the lateral. Mr. White and C. H. Race also spoke along the same lines. The matter was referred to the sewer committee with power to act. Ald. Flynn stated that if possible Mr. Manz would be given relief.

Ald. Moore was authorized to purchase 500 feet of new hose for the fire department. This is purchased with the funds paid by insurance companies for premiums on policies issued by the companies inside the city limits.

Wants City to Build Driveway
Mr. Spillman was present and asked if the city could not furnish lumber or tile to make a driveway into his property. He said after the street had been graded that it was impossible to get into the property.

Superintendent of Streets White said that it would be impossible for the city to furnish material or build private driveways. Mr. White said this had always been done by the property owners at their own expense.

However, he said if he got hold of any old lumber he would be glad to give it to Mr. Spillman. Mr. Spillman also asked about water main in West Walnut street for which a petition had been presented to the council. Ald. Williamson said the city was waiting to see if the price of water main would not drop. It was impossible to purchase at the present high prices.

Let me take care of your PLUMBING

FUNERAL SERVICES FOR THOMAS HARDWICK

Were Held from the Residence Monday Afternoon—Masons in Charge at Grave.

Merritt, Aug. 16. —Funeral services for Thomas Hardwick were held from the residence this afternoon at 2 o'clock in charge of the Rev. W. M. Morris of Winchester, assisted by the Rev. G. T. Wetzel of Jacksonville.

The home was completely filled with relatives and friends who had known Mr. Hardwick thru the long years of residence here. Members of the Masonic lodge at Winchester attended the services in a body and had charge of the services at the grave.

Music was furnished by Mrs. Julia Kinison and Miss Martha Higgins of Winchester. There were many beautiful flowers and these were cared for by Miss Georgia Hawk, Mrs. Henry Korty, Mrs. A. W. Jewsbury, Mrs. Mae Hitt, Miss Grace Leach and Miss Lena Hayes.

Burial was in Diamond Grove cemetery, the bearers being, Edward Chrisman, James T. Wilson, D. D. Wyatt, William Watt, John W. Killam and B. M. Coults.

The Ladies of Woodson Presbyterian church will serve chicken dinner at the home of Mrs. Otto Grimmert Thursday, August 19th. Everybody welcome.

WILL HOLD ANNUAL PICNIC
The Illinois Agricultural Association will hold their annual picnic in Shoup's Grove, five miles south of Springfield on September 1st. Farmers from all over the state will attend the picnic. Several members of the local farm bureau will attend.

The following program will be carried out at the picnic:

10:00 a. m.—Band music continuing thruout the day.

10:30 a. m.—State horseshoe tournament between county farm bureaus.

10:30 a. m.—Indoor baseball game between Illinois Farm Editors and officers, Executive Committee and Department Heads of Illinois Agricultural Association.

Talk about cut prices on tires! They are a wonder at the H. Z. Auto Inn. Howard Zahn is offering \$20,000 worth of tires almost at your own price.

LEGION CARNIVAL STILL DRAWING BIG CROWDS

Owing to the fact that many people were unable to attend the American Legion carnival last week it was continued Monday and will be open again tonight.

There was a large number of people present last evening and even more are expected tonight. The stands are all restocked and nothing will be carried over by the legion, the entire stock in all the booths and in the country store will be disposed of before the carnival closes tonight.

Two victrolas have been secured and they will be disposed of tonight in the same manner in which the automobile was on Saturday night. The carnival has been a great success for the legion and has been the means of giving a good time to many of the people of Jacksonville and the surrounding country. No doubt tonight as the last night, will be the equal of some of the other big nights.

The Famous High-Brow Colored Minstrel Troupe will entertain you each day of the Home Coming at Meredosias, Aug. 19, 20, 21.

TO LAKE GENEVA
Miss Elaine Thiebaud of Rockport and Miss Rena Chaney of Jacksonville left on the Hummer last evening for Chicago from where they will go to Lake Geneva to attend the Y. W. C. A. conference as representatives of the Illinois college Y. W. C. A.

Miss Thiebaud has been the week end guest of Miss Chaney.

CHICAGO & ALTON TO LAY DOUBLE TRACK

It has been announced that the Chicago and Alton railroad has let the contract for the double tracking of its line between Manchester and Roodhouse. This contract is for a track five miles long and lying just to the north and east of the present track. The grading work contract has been let to Mulville Bros. of Alton and they will at once begin operations.

It is the expectation that the work of laying the track will be in the course of a few months and that the entire job will be completed and trains moving over the track at no very distant date. The use of double tracks will make it possible to operate traffic over the air line independently of the local division.

CITY CLERK PYATT IS BACK ON THE JOB

Took Up Work at Regular Meeting Monday Evening—Ald. McGinnis is Mayor Pro Tem.

City Clerk R. L. Pyatt, after an absence in the south of several months for the benefit of his health was again on the job at the regular meeting of the city council Monday evening. Mr. Pyatt returns much improved in health and hopes to be able to look after his office from this time forward.

There was but little business transacted Monday evening and the session was a brief one. When adjournment was taken it was only a little after 8 o'clock.

Roll call showed Ald. Cain, Ehnie, Flynn, McGinnis, Moore and Williamson present, with Mayor Crabtree and Ald. Chapin absent.

The city clerk announced the first order of business was the election of a mayor pro tem.

Ald. Cain placed Ald. Williamson in nomination. Ald. Williamson said that he was not feeling well and as Mayor Crabtree probably would be absent for some time he did not feel like assuming the responsibility.

Ald. McGinnis Mayor Pro Tem.

Ald. Flynn then nominated Ald. McGinnis. There being no further nominations the clerk declared the nominations closed and called the roll. Ald. McGinnis being elected and took the chair.

The minutes of the last regular meeting were read and approved.

A resolution instructing the city treasurer to release a judgment against the Misses Nettie, Emma and Laura Hayden for a paving assessment of \$3.50 on South Sandy street. In spreading the assessment roll they were assessed for 44 feet whereas they only have twenty-four feet. The treasurer wishes to release the judgment as it is impossible to collect it.

A resolution also was read instructing the treasurer to transfer balances from certain funds where all of the bonds and obligations have been paid. The money was ordered transferred to the special assessment fund.

Claims against the city were presented and all those properly approved were ordered paid.

Mayor Pro Tem McGinnis said there were complaints from property owners of North East street about water overflowing the walks on the east side of the street south of the railroad. The cause is that the Wabash railroad has no outlet large enough to carry off the water. The clerk was instructed to notify the proper officials of the road to remedy the condition.

Ald. Ehnie reported that a number of complaints had been made about the odor coming from the Hatfield poultry house. The alderman said it was caused by feeding chickens in the building and the food falling on the wooden floor. He believed there should be a concrete floor in the building or the feeding of chickens should be stopped. The matter was left with the public health committee.

Ald. Moore reported that nothing had been done by the C. P. & St. L. and Burlington about repairing their walks in East State street. Ald. Moore said mud was ankle deep on the walks Monday.

Mayor Pro Tem McGinnis asked the clerk to call the engineer's attention to the list of sidewalks in the first ward that had not been laid and for which ordinance had been passed. Mr. McGinnis said it was getting late and the walks should be laid soon if the work was to be done this year.

Edward Manz Asks Relief

Edward Manz, a resident of North East street was present and asked the council to take steps toward giving him relief from water that backed up in his cellar from the sewer after a heavy rain.

Mr. Manz said that this had only occurred recently but it was very disagreeable and he would like to have something done.

Ald. Flynn said that the main sewer was running clear and that the trouble must be with the trap in the lateral. Mr. White and C. H. Race also spoke along the same lines. The matter was referred to the sewer committee with power to act. Ald. Flynn stated that if possible Mr. Manz would be given relief.

Ald. Moore was authorized to purchase 500 feet of new hose for the fire department. This is purchased with the funds paid by insurance companies for premiums on policies issued by the companies inside the city limits.

Wants City to Build Driveway

Mr. Spillman was present and asked if the city could not furnish lumber or tile to make a driveway into his property. He said after the street had been graded that it was impossible to get into the property.

Superintendent of Streets White said that it would be impossible for the city to furnish material or build private driveways. Mr. White said this had always been done by the property owners at their own expense. However, he said if he got hold of any old lumber he would be glad to give it to Mr. Spillman.

Mr. Spillman also asked about water main in West Walnut street for which a petition had been presented to the council. Ald. Williamson said the city was waiting to see if the price of water main would not drop. It was impossible to purchase at the present high prices.

Let me take care of your PLUMBING

Repair work given prompt and personal attention.

LEGION CARNIVAL STILL DRAWING BIG CROWDS

Owing to the fact that many people were unable to attend the American Legion carnival last week it was continued Monday and will be open again tonight.

There was a large number of people present last evening and even more are expected tonight. The stands are all restocked and nothing will be carried over by the legion, the entire stock in all the booths and in the country store will be disposed of before the carnival closes tonight.

Two victrolas have been secured and they will be disposed of tonight in the same manner in which the automobile was on Saturday night.

The carnival has been a great success for the legion and has been the means of giving a good time to many of the people of Jacksonville and the surrounding country. No doubt tonight as the last night, will be the equal of some of the other big nights.

The Famous High-Brow Colored Minstrel Troupe will entertain you each day of the Home Coming at Meredosias, Aug. 19, 20, 21.

TO LAKE GENEVA

Miss Elaine Thiebaud of Rockport and Miss Rena Chaney of Jacksonville left on the Hummer last evening for Chicago from where they will go to Lake Geneva to attend the Y. W. C. A. conference as representatives of the Illinois College Y. W. C. A.

Miss Thiebaud has been the week end guest of Miss Chaney.
